MONTESSORI HOUSE FOR CHILDREN

February 2014

Monthly Newsletter

Reflections from the month of January:

- Lower Elementary Open House - several parents from other school Montessori schools have shown interest in our school and we are all excited to begin our 3rd year of Lower Elementary.
- There was a great turn out for the EC parent meeting "Fabulous Final Year"! Thank you so much for coming and we encourage all parents to schedule a classroom observation during the second semester - you will be amazed to see the opportunities you are providing for your children.
- Cultural Study of Asia - EC classrooms have been learning about many of the countries and cultures of Asia. Their interest in culture is profound and many children look forward to sharing their culture in the future.

Thank You...
Gracias...
