

## Health Partnership Agreement

In the best interest of our community's health, we have established guidelines to help reduce risk of spreading COVID-19. It is vitally important that we work together to keep our community healthy.

Guidelines for the school are explained in [MHFC School Plans 2020-21](#). All staff have been fully trained in accordance with these guidelines and the school is committed to vigilant adherence and monitoring thereof. Additionally, all staff are certified through Texas A&M in 'Special Considerations for Infection Control During COVID-19'

It is the responsibility of parents and staff to ensure good health practices while away from school and to immediately communicate pertinent information to the school.

### Health Practices:

- Before coming to school, check for symptoms and **stay home** if any of the following are present:
 

Fever (100' F or higher) or Chills	Cough
Shortness of breath or difficulty breathing	Fatigue
Muscle or body aches	Headache
Loss of taste or smell	Sore throat
Congestion or runny nose	Diarrhea
Nausea or vomiting	
- Wear face masks in public settings (not recommended for children under 2 years of age).
- Reinforce healthy hygiene habits:
  - o Frequent and effective hand washing: [Link to video tutorials](#)
  - o Practice and promote covering mouth/nose when sneezing/coughing. Cover mouth and nose when needing to cough or sneeze (use tissue and dispose after each use or, cover face with the interior part of your elbow).
- Practice social distancing in public and avoid large social gatherings.
- Avoid close contact with people who are sick, even inside your home.

### Immediately Communicate Pertinent Information:

- Stay home and notify the school if you or a family member is showing signs or symptoms of COVID-19.
- Report to the school, any contact with a person who has tested positive for COVID-19 (within the past 14 days).
- Notify the school if your child or any family member has recently traveled to a location experiencing high rate of transmission.
